**£11m extra  
for deprived**

PEOPLE living in the most deprived areas of Greenwich are due to benefit from a further £11.3million of Government cash. Funds for Greenwich Neighbourhood Renewal have been allocated to invest in services for the next two years. The cash tops the £20million already received since the project began in 2000. The council has made recommendations for the spending of the extra money but the final decision will be made by the Greenwich Partnership this month.
